

Search for netbeans on Google

The screenshot shows a web browser window with a Google search for 'netbeans'. The search bar is at the top, and a dropdown menu shows suggestions like 'netbeans download', 'netbeans ide', and 'netbeans 8.2'. Below the search bar, the search results are displayed. The first result is 'Welcome to Apache NetBeans' from 'https://netbeans.apache.org/'. It includes a brief description of the IDE and links to 'Download', 'Download NetBeans 8.2', 'NetBeans Tutorials', and 'Apache NetBeans 12.6 Features'. To the right of the search results is a 'NetBeans Software' card with a 3D cube logo and a screenshot of the IDE interface. The card also lists the repository, license, and stable release date.
