

**Project:** **p01**

**Assignment:** Write a C++ program that will print the dialog shown in Figure 1. Call the C++ program **p01**. Put the C++ program source in file **p01.cpp**.

**Program Files:** Project 1 consists of file **p01.cpp**.  
File **p01.cpp** must be stored in the root directory of your student account. Failure to store project files in the root directory of your student account will result in a score of **zero (0)** for this project.  
File **p01.cpp** must be stored in the root directory of your student account. Failure to store project files in the root directory of your student account will result in a score of **zero (0)** for this project.

```
Hello, I love you.  
Do I know you or am I just your type?  
  
A fine romance, with no kisses.  
  
A fine romance, my friend, this is.
```
